

# About North Portland Events

North Portland Events is a volunteer-led community resource dedicated to bringing our neighborhood together through shared experiences. Our focus is on showcasing local events, from family-friendly gatherings and community shows to arts and cultural happenings. We're committed to making it easy—and free—for residents to discover what's going on in North Portland and to submit their own events. Join us in building a connected community and find out how you can get involved or even host an event of your own!
